Instruction should be read carefully. But the manual may not cover every detail of all possible situations and steps. Please contact us if further information and help are needed. We will respond in a timely manner.

Please be patient that the other items are on the way if you buy more than one product.

Warning

It's kindly advised to assemble this product on a carpeted floor to protect it from being scratched.

Small parts are included. Please keep the product away from children while assembling.Do not let children play or jump on the product. Do not stand on the item or use as a step ladder.

Please pay attention to the sharp corners during assembly. We recommend the use of gloves to prevent the undesired injury.

Prior to use, please check to see if there's any loosening screw or part. Make sure that each screw and part is correctly installed and securely fastened.

It's unnecessary to use electric drill. Please at a low gear if you need.

Care and Maintenance

Use a soft, clean cloth that will not scratch the surface when dusting.

There's no need to use furniture polish. If you need, test it first in an inconspicuous area.Using solvents of any kind on your furniture may damage the finish. Never use water to clean your furniture as it may cause damage to the finish.

Liquid spills should be removed immediately. Gently blot the spill with a soft clean cloth to avoid rubbing.

Oil sealing regularly is not needed.

Further Advice about the Furniture Care

It is best to keep your furniture in a climate-controlled environment.

Do not expose the product to the hot sun for a long time, and don't keep the item near to heat and fire sources such as heat vent, stove, fireplaces, radiators, etc.

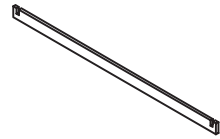

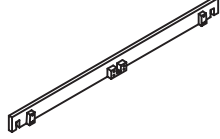

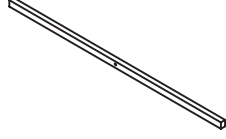

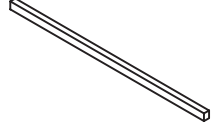

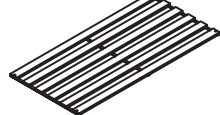

Following these important and helpful tips will help retain your furniture's performance even when it ages.

Periodically (every 90 days) make sure the screws are fully tightened.

---	--

INSTALLATION

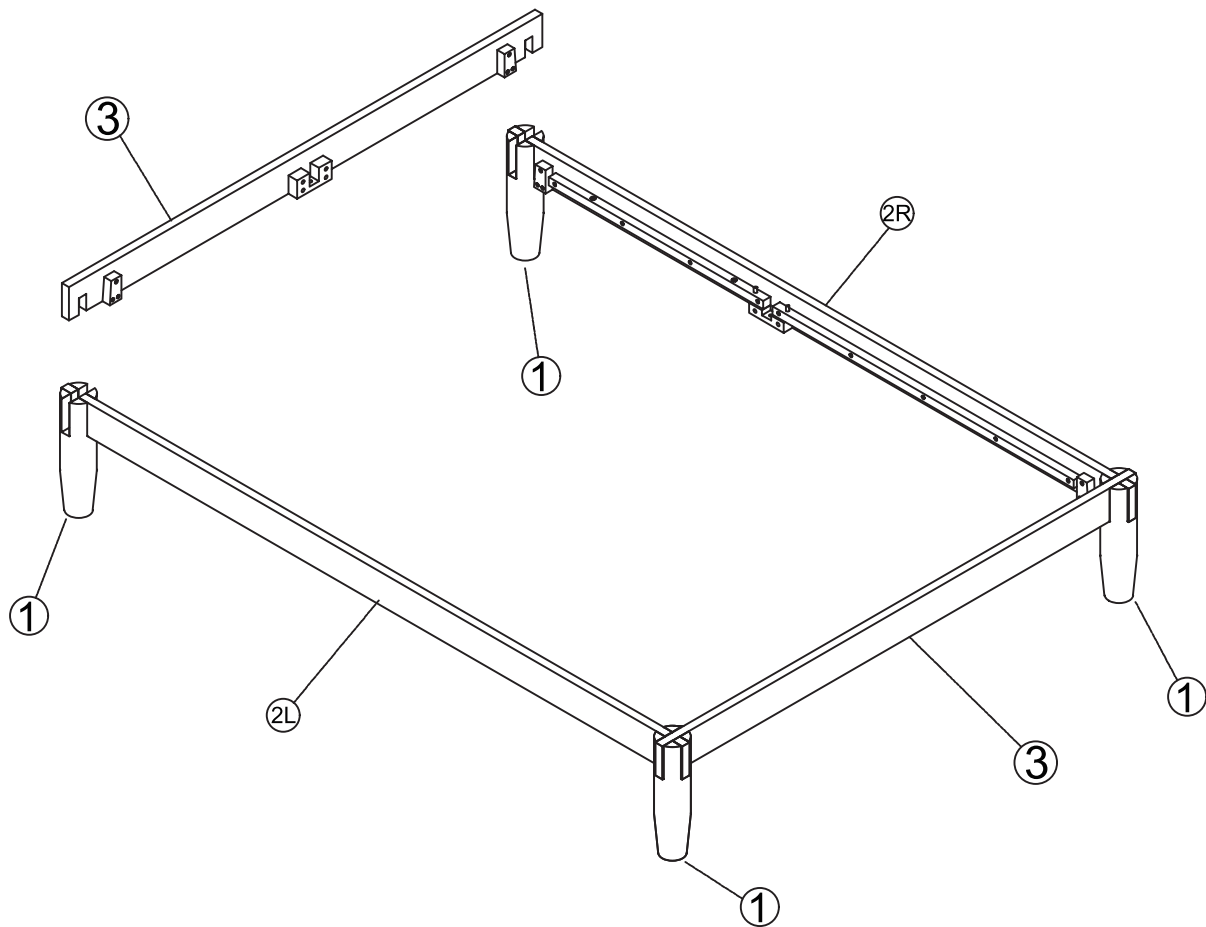

1

Insert the long rails into the legs.

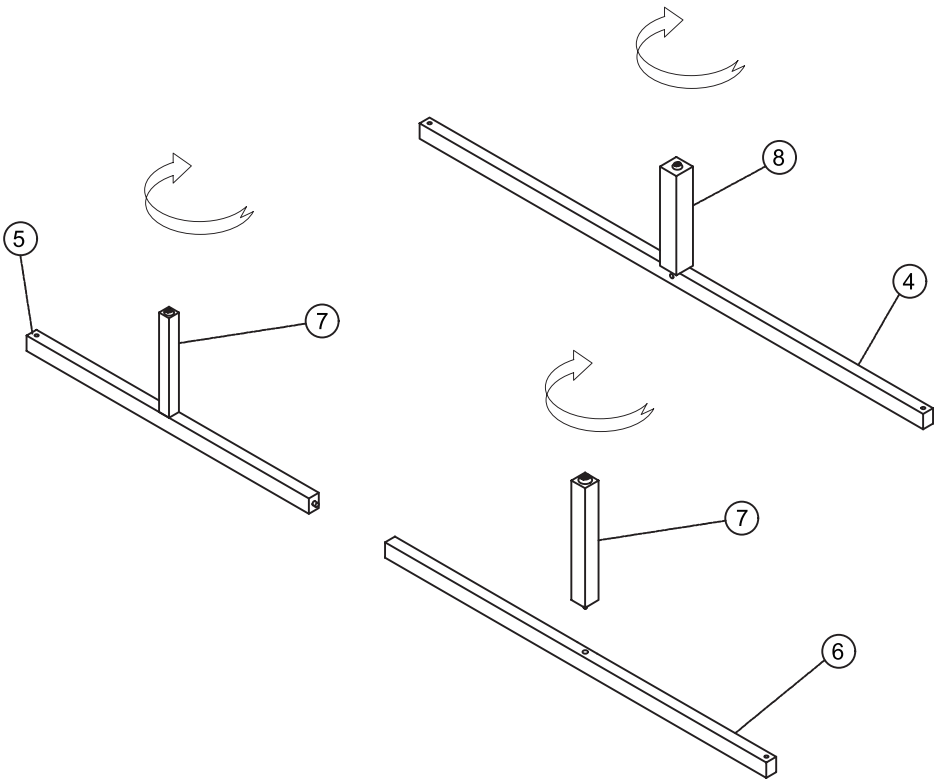

2

Insert the short rails into the legs.

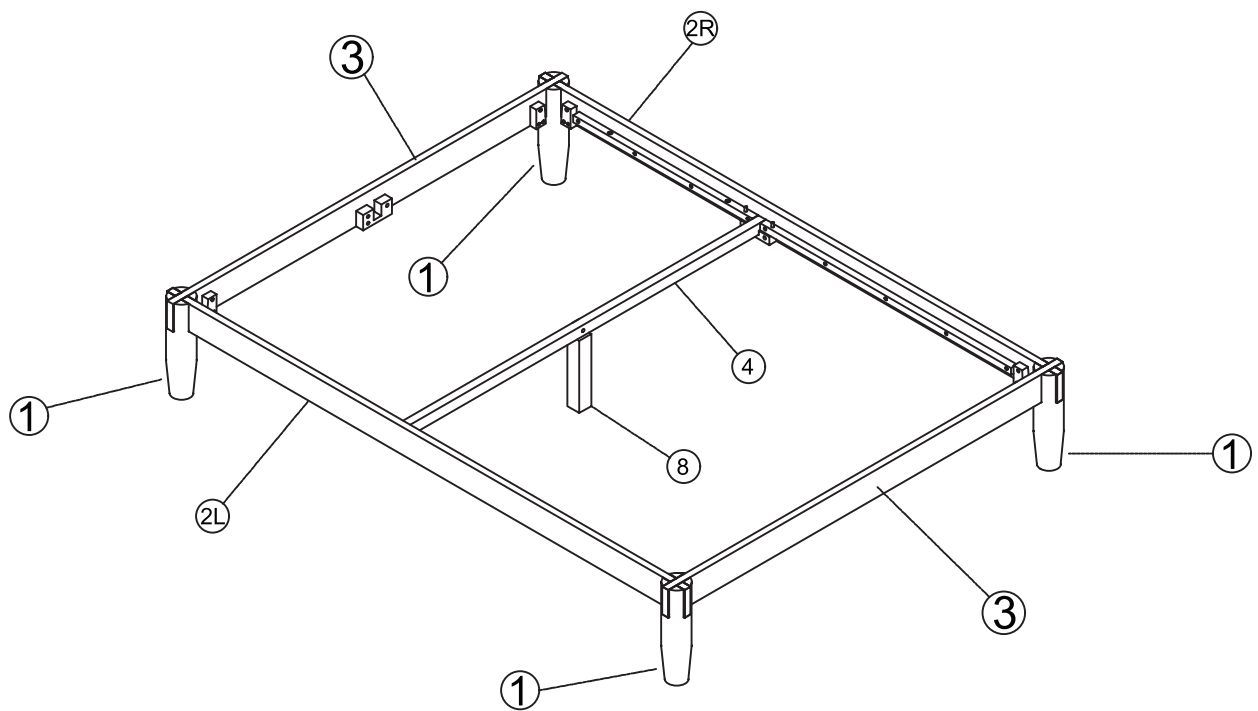

3

Screw the support legs into the support bar.

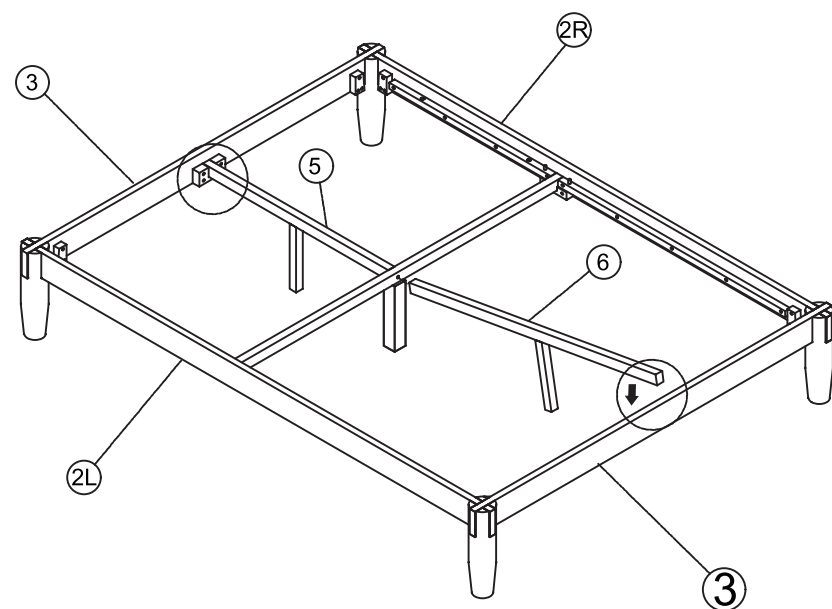

4

Connect the support bar A to the Long Rail Left and Long Rail Right.

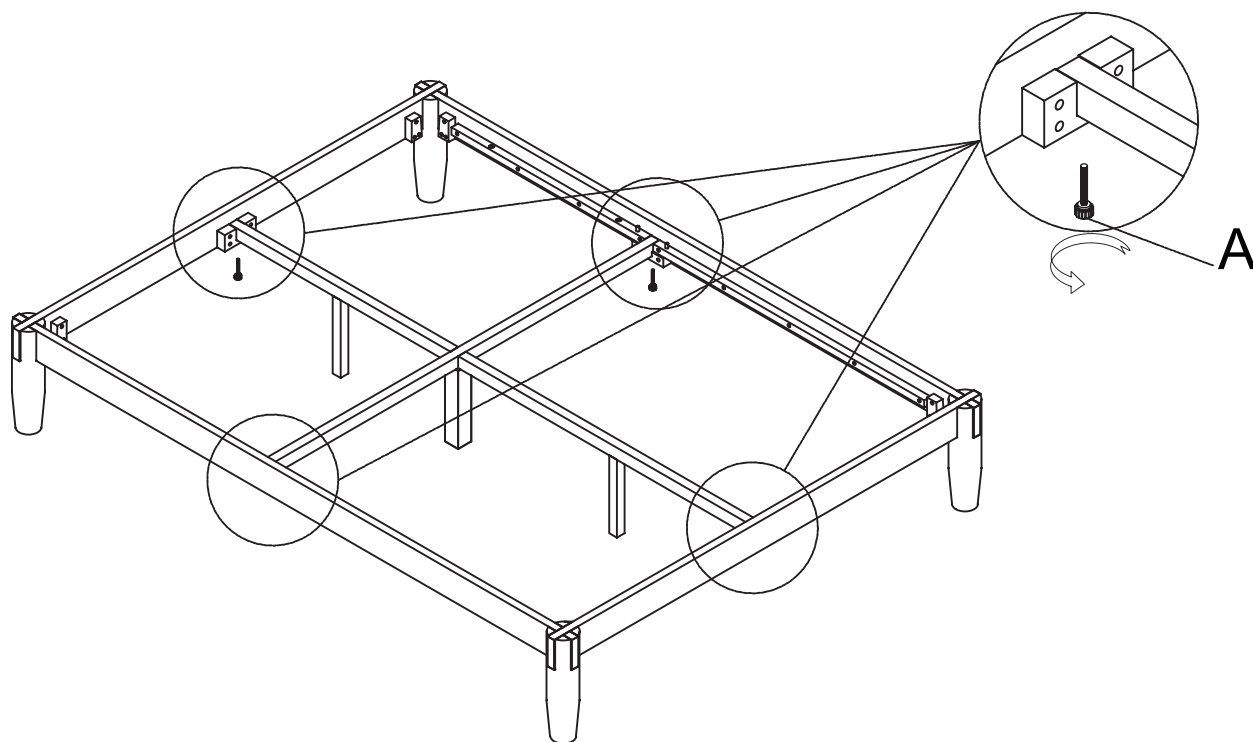

5

Connect the support bar B & support bar C to the short rails.

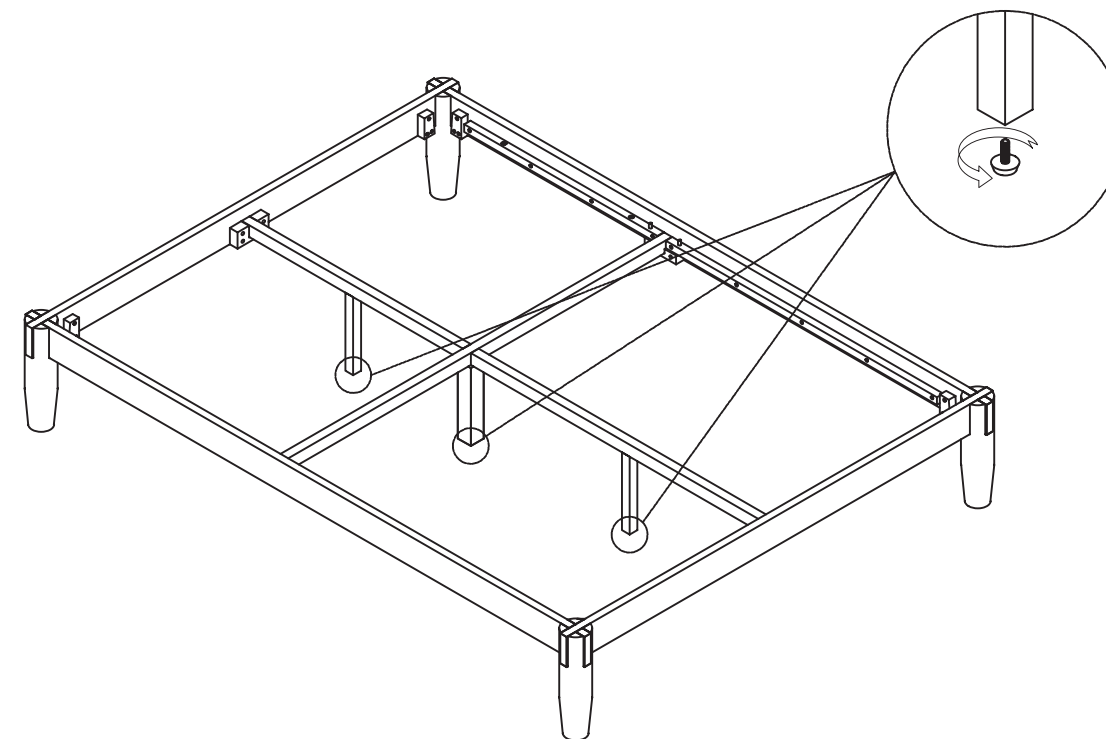

6

Hand tighten the screws (A).

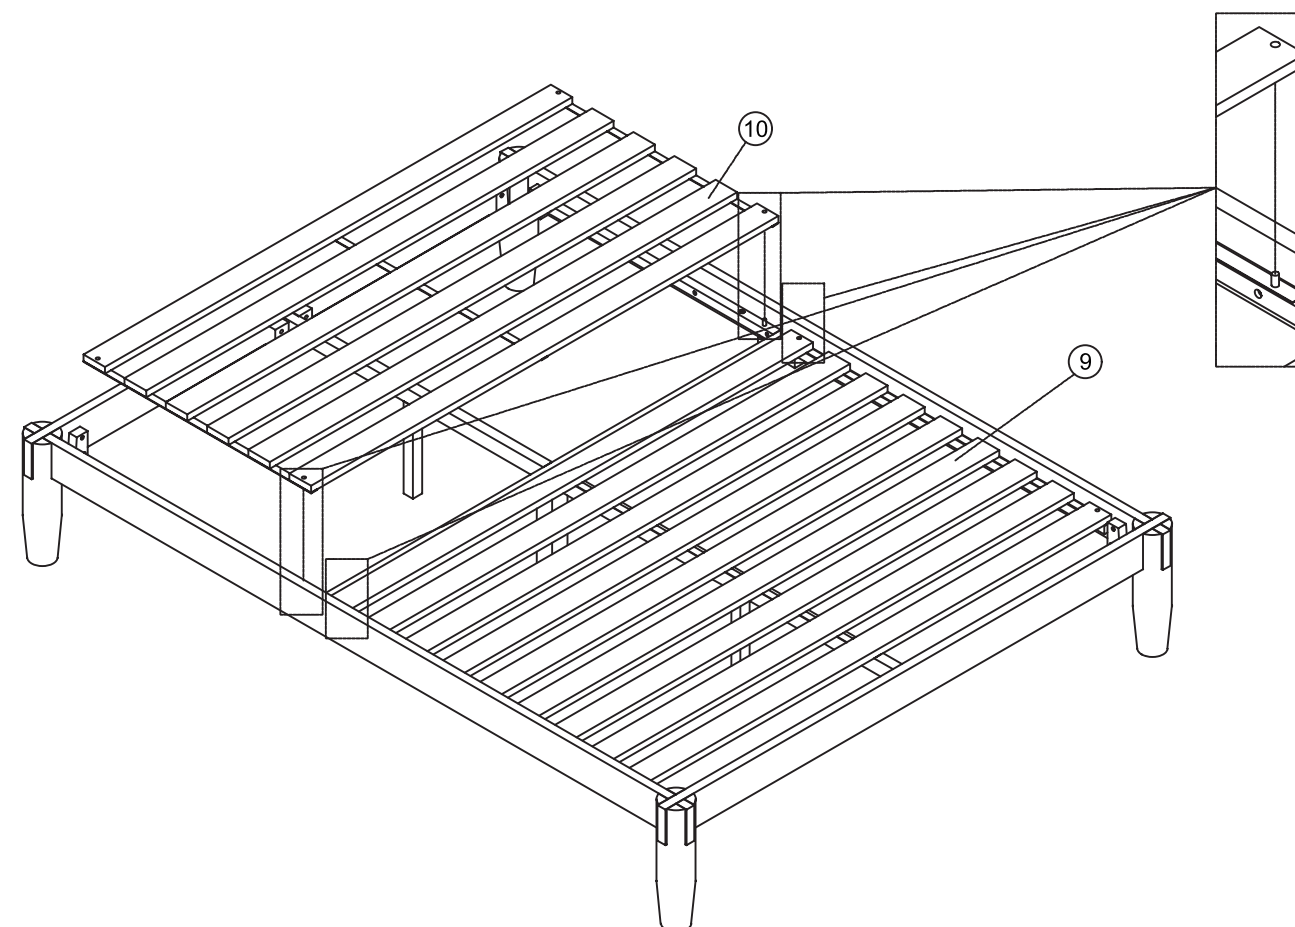

7

Adjust the leveling feet of the Support Legs so that the Center Support Bar is even and flush with the bed frame.

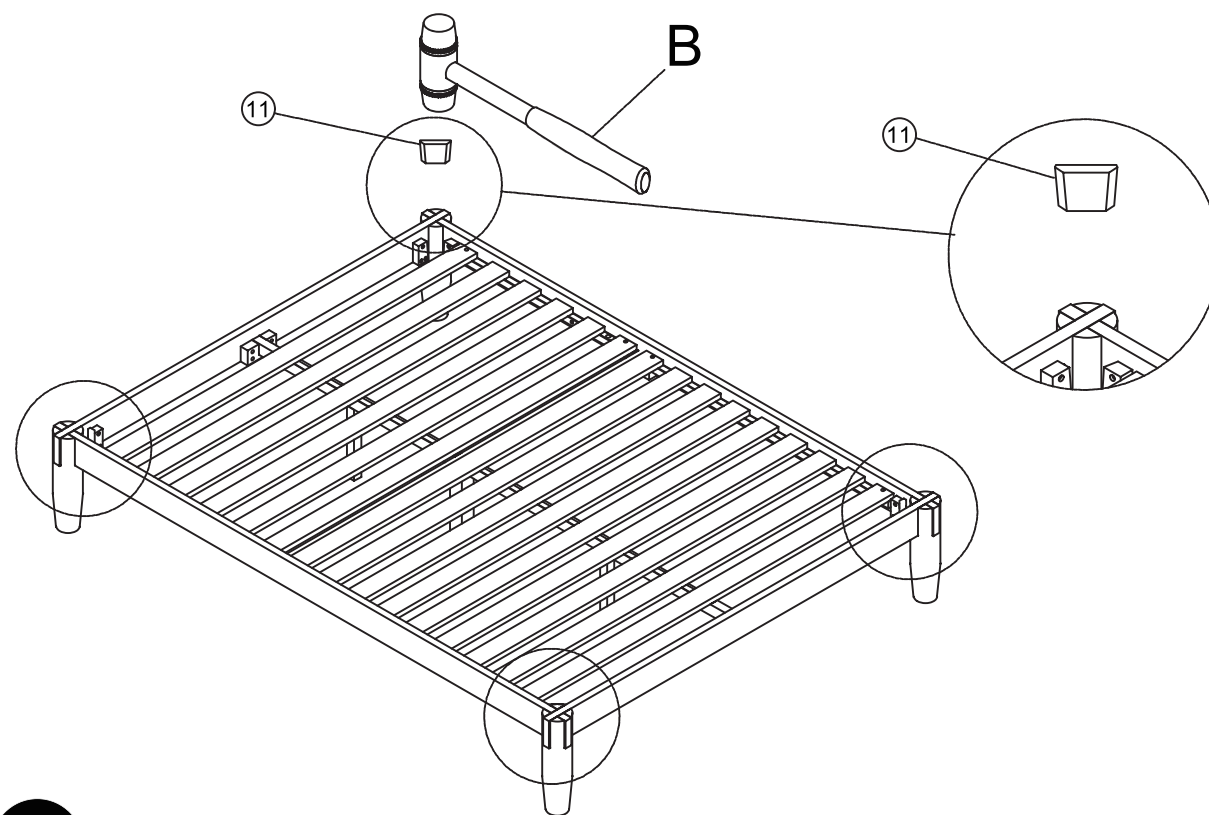

8

A. Lay the slats at the head of the bed. You'll notice a slat stop on the frame and a matching hole on the first slat - simply align the hole with the stop and press it into place.
B. Repeat the same process at the foot of the bed to secure the slats on center.

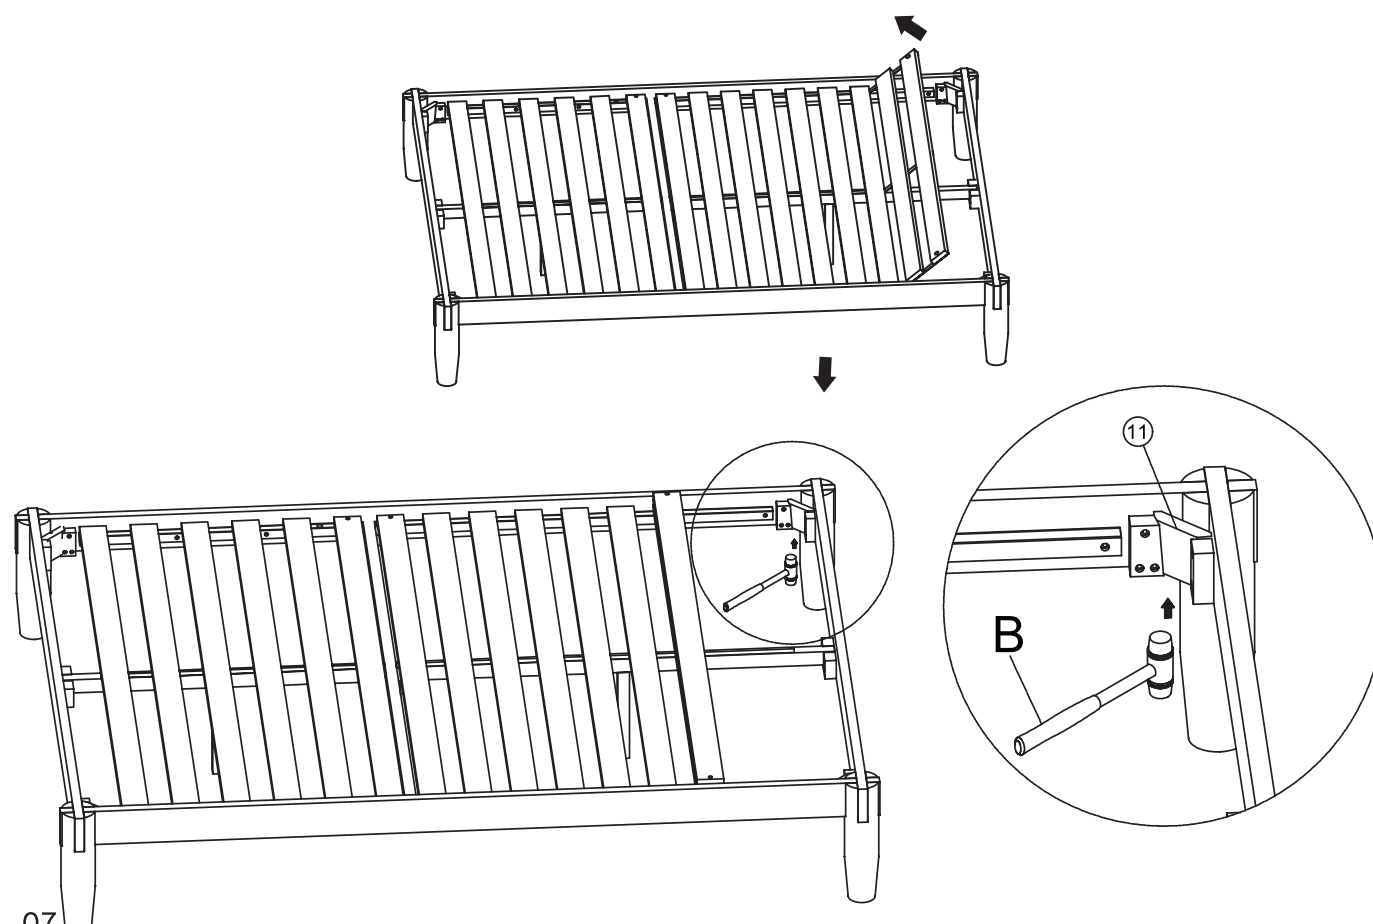

9

Press the wooden wedges use a rubber mallet for a snug fit.

10

How to remove the wooden wedge: Remove the two bed slats from their positions and place them on the third slat. Then use a rubber mallet to tap the wooden wedge from the bottom up to remove it.

Enjoy
